SUMMARY

Passionate Computer Science student with hands-on experience in front-end web development using HTML, CSS, JavaScript, React.js, and WordPress (Elementor). Skilled at creating responsive and user-friendly websites. Quick learner with strong problem-solving abilities and eager to gain real-world experience through part-time opportunities.

TECHNICAL SKILLS

HTML5	JavaScript	WordPress (Elementor)
CSS	React.js	Responsive Web Design
React Native	Expo-Go	Photoshop

RELEVANT EXPERIENCE

Freelance Web Developer (2025)
- Developed and deployed two websites using WordPress and Elementor:
- Magnaval Services (https://magnavalservices.com) — Business service site with responsive design.
- Warduz Pet Shop (https://warduzpetshop.com) — Pet shop site with product showcase and easy navigation.
- Customized WordPress themes and ensured mobile responsiveness.

CvSU Enrollment System (2024)
- ·Designed and developed the responsive front end of the enrollment system using React.js, CSS, and Bootstrap.
- ·Integrated Axios for API requests and implemented real-time form validation for a smooth user experience.
- Collaborated with the team to connect front end to backend services and ensured the UI followed modern design practices.
